Personal Statement

I am an enthusiastic junior developer with a strong troubleshooting acumen, enabling me to craft innovative solutions for technical challenges. My adaptability and critical thinking skills are crucial in addressing complex issues, and I am committed to continuous improvement. Working collaboratively in cross-functional teams, I engage closely with designers, back-end developers, and project managers to deliver high-quality, user-centric solutions. Currently, I am participating in the Northcoders software engineering bootcamp, focusing on the full software development lifecycle.

Key Skills

- **Problem-Solving:** Strong problem-solving skills
 - **Collaboration:** Teamwork and cross-team collaboration
 - **Technologies:** Python, JavaScript, TypeScript, React, Node.js, HTML, CSS, MySQL, C#
 - **Testing:** Test-Driven Development, Jest,
 - **Hosting:** Render, Netlify
 - **Version Control:** Git, Azure
 - **Other:** Paired programming/mobbing, Agile, Time-management
-

Career Summary

Northcoders – Professional Development Software Development Bootcamp

June 2024 – August 2024

- Participated in a 13-week intensive course designed to provide junior developers with essential skills.
- Worked on both backend and frontend projects, including creating a simple news app. Users can log in, view articles, vote, post comments, and more.
- **Backend Project:** <https://github.com/Mahdi2105/backend-project>
- **Frontend Project:** <https://github.com/Mahdi2105/frontend-project>

Westminster City Council - Apprentice Software Engineer

September 2021 – September 2023

- Worked on the backend using C# and also on the frontend using TypeScript and React.
- Investigated, triaged, and resolved technical issues related to Westminster online services.
- Collaborated effectively with the team to complete work efficiently.
- Provided feedback and insights to improve services for users.
- Conducted unit tests using React Testing Library and Jest to ensure robust code.
- Engaged in planning, designing, and implementation to better understand services.

Multiverse – Internship - Junior Developer Intern

June 2022 – September 2022

- Worked on the Candidate Experience team to improve the application process of apprentices.
- Ensured web pages aligned with Figma designs.
- Resolved issues identified through Datadog to maintain server stability.
- Conducted code reviews and provided constructive feedback.
- Optimized applications to improve speed and scalability.

Sitel (NHS Test and Trace) – Call Agent

July 2021 – September 2021

- Worked as a caller for the NHS regarding Covid cases and contacts.
- Developed effective communication skills to de-escalate situations.
- Enhanced ability to work under pressure and respond to emergencies.

Mazahirul Uloom Secondary School: 2011 - 2017

- Maths - Grade 9
- English Language - Grade 6
- English Literature - Grade 5
- Science (Core) - Grade A
- Science (Additional) - Grade A
- Religious Education - Grade A
- History - Grade C

Hobbies and Interests

In my spare time, I enjoy spending time with family and friends. I play football and organize biweekly sessions with community members. Recently, I started swimming at my local gym, aiming to improve progressively. I also enjoy dining out with family and friends, exploring different restaurants and cuisines.
